

How to add logo on website

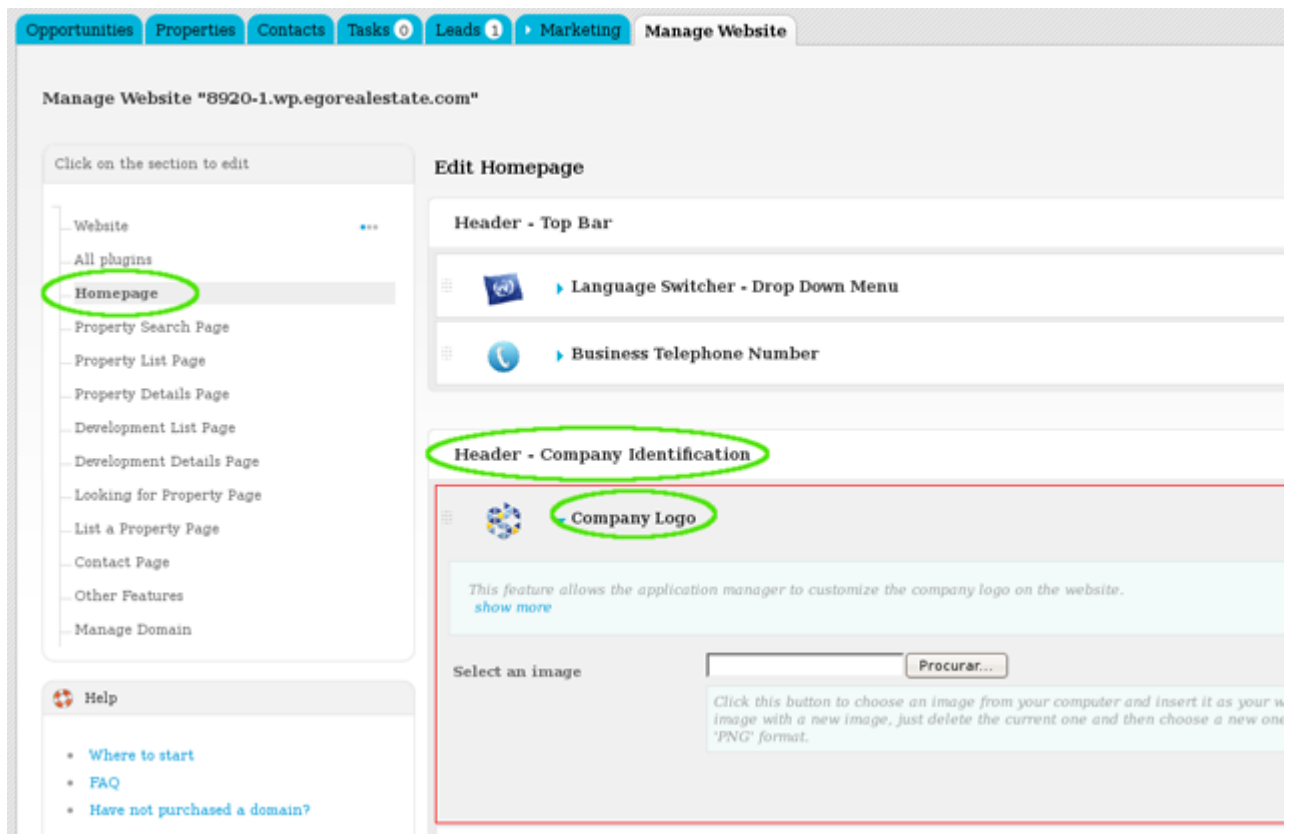

The application manager can add/change the company's logo on the website anytime.

To do so, take the following steps:

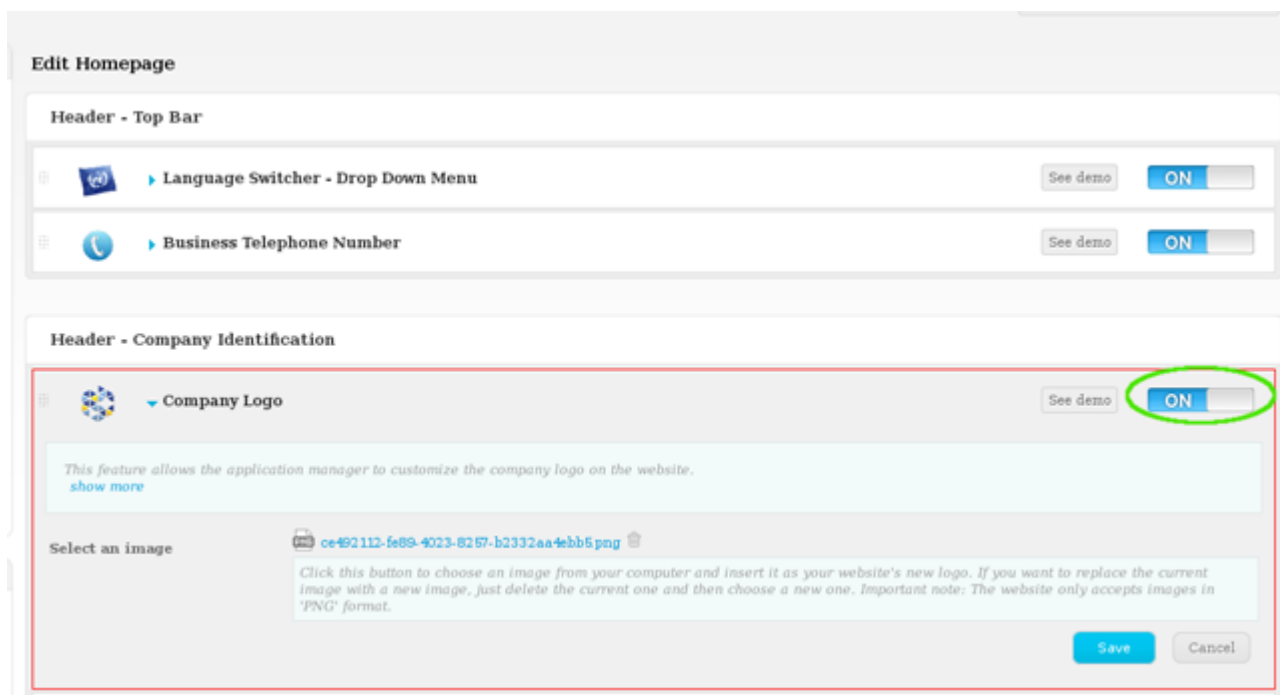

1. Click the '**Manage Website**' tab;

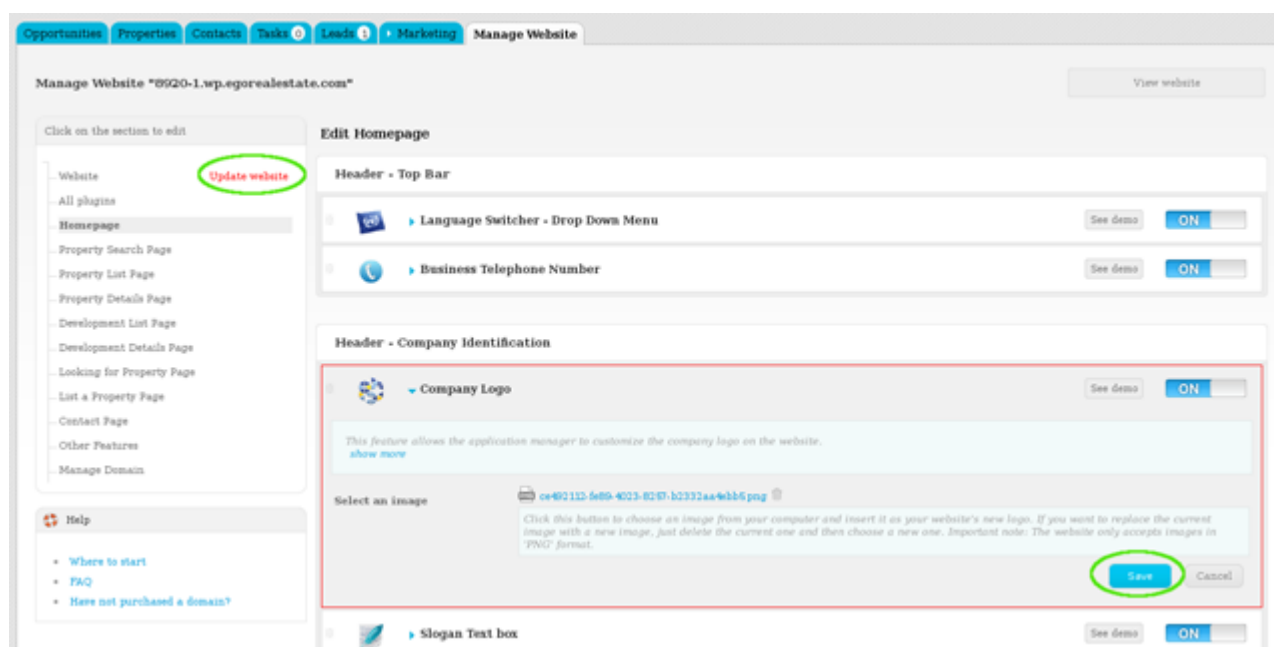

2. On the left sidebar click on the '**Homepage**' section. Then click '**Company Logo**' from the '**Header – Business Identity**' area;

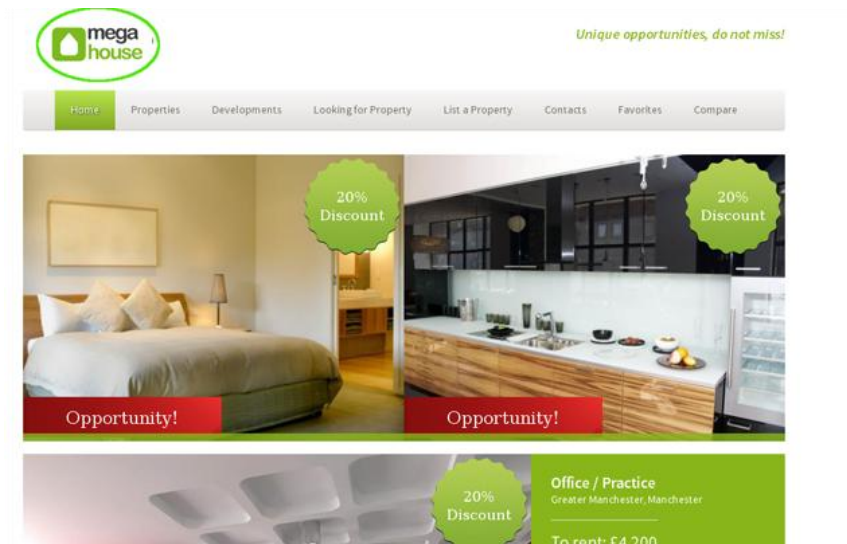

3. Choose an image to add as your logo by clicking '**Browse**'. Switch to '**On**' to enable this feature;

4. Finally, click '**Save**' and then '**Update Website**';

5. To verify that recent changes have been updated on your website, click '**View Website**';
