How to activate social media follow icons on website

The application manager can include social media follow links of the company's profiles in any social network and this way stay even closer to customers. Make the social networks icons available with each follow link. In 3 easy steps you can quickly connect your website to social media.

To do so, take the following steps:

1. Click the 'Manage Website' tab;

2. On the right sidebar click on the 'Homepage' section;
