## How to change your website's color

The application manager has the possibility to customize the main color of the website.

.....

Changing the color of a website is possible after purchasing the feature **'Customize main color scheme'** and is only available for some templates.

To purchase this feature, take the following steps:

1. Access the 'Manage Website' tab;

Where to start

20								
	Click on the	section to edit						
	Website				_			
	All plugins Homepage			Q A/F	RIO	60		
				VVL				
	- Property	Search Page (	general)
