

## How to Install the Property Search Engine on Facebook

The application manager has the possibility to add a property search engine to a corporate Facebook page.

---

To do so, take the following steps:

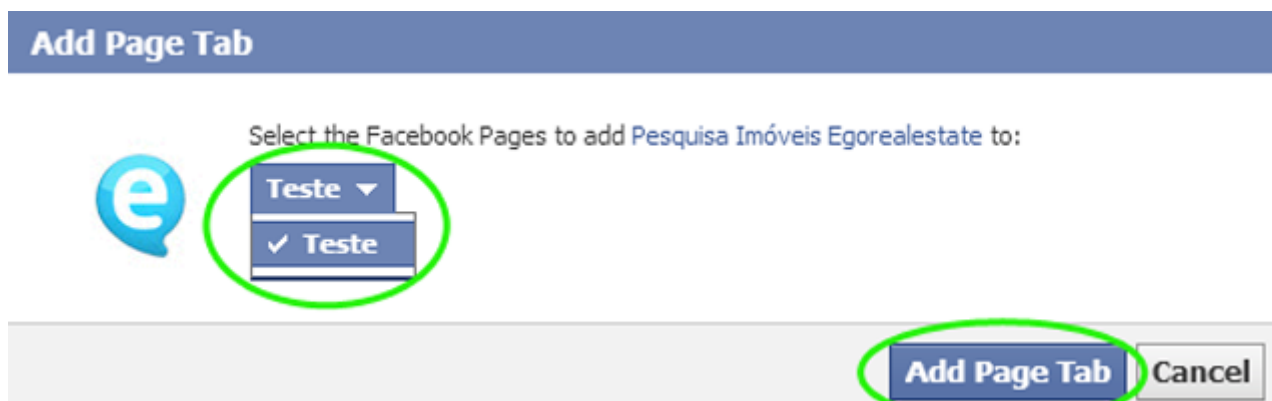

1. Before you start, you should have or create a Facebook page for your business and you must be logged in;

2. After you have created a Facebook page or if you already have one, access the link to install the search engine - <http://apps.facebook.com/pesquisaego/> and click '**Adicionar ao Facebook**' (i.e. Add to Facebook);

3. Select the Facebook page where you want to install the application and click '**Add Page Tab**';

4. Wait until the verification and activation of the application is complete. You will receive an email with the information of the service activation;
