

## How do I add translations to my website?

To be able to add translations to your website you need to have previously [set up the languages you want](#), directly in eGO. This will allow you to add text in other languages.

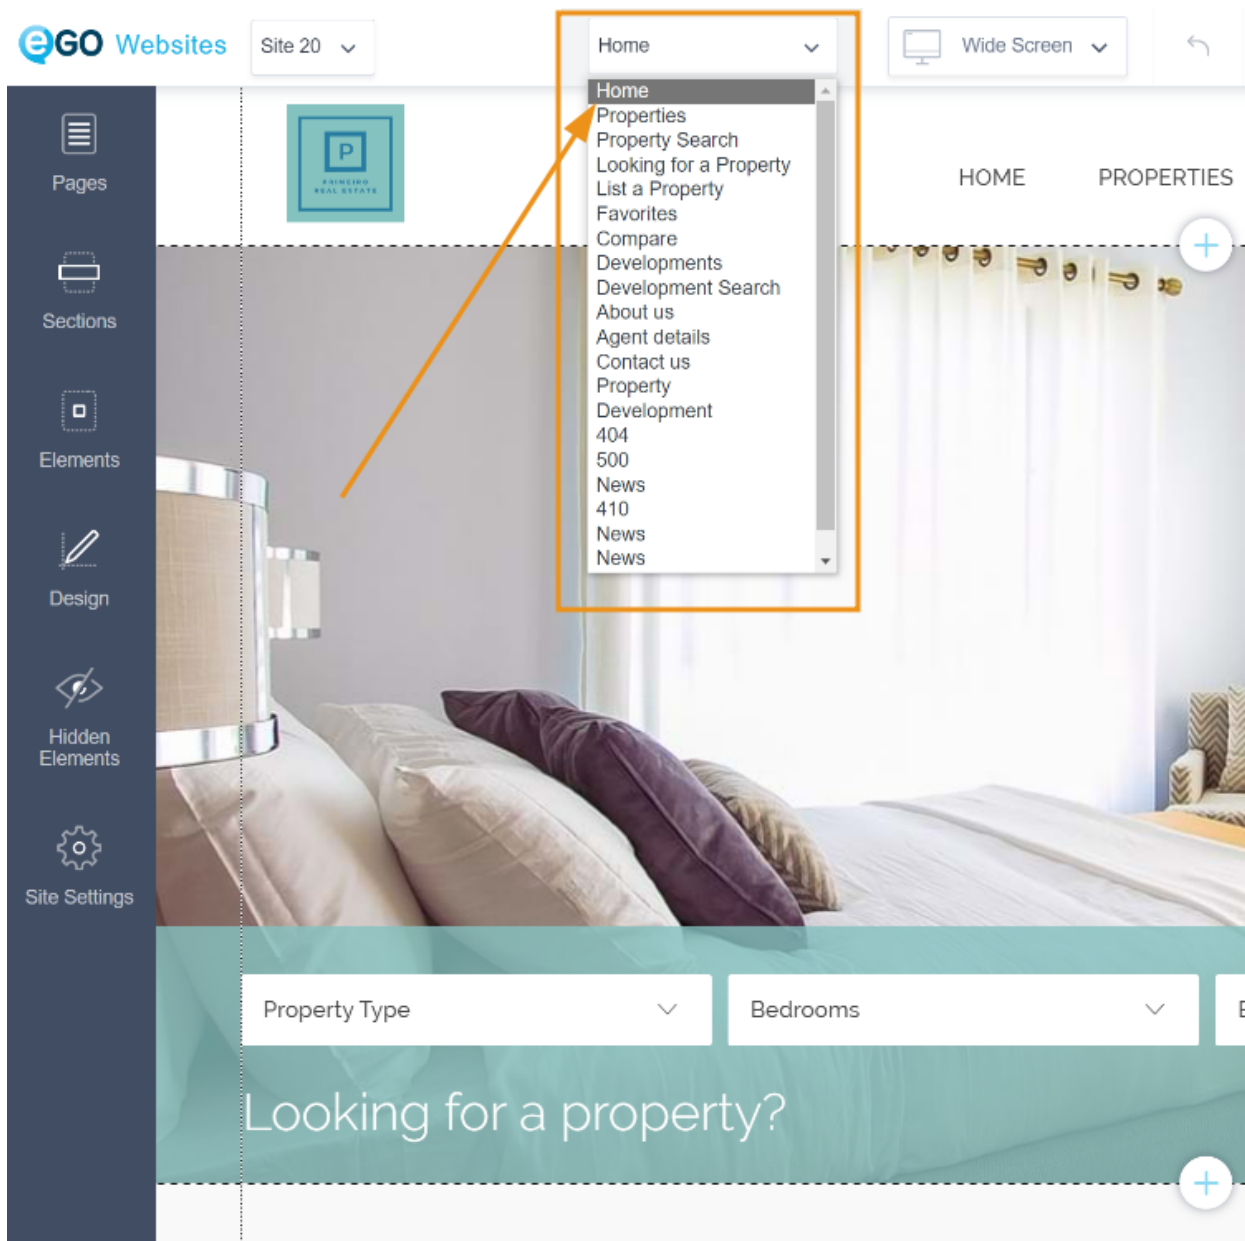

The eGO user can easily add translations to their web pages by following these steps:

### 1. Go to the "Websites" menu to open your website editor.

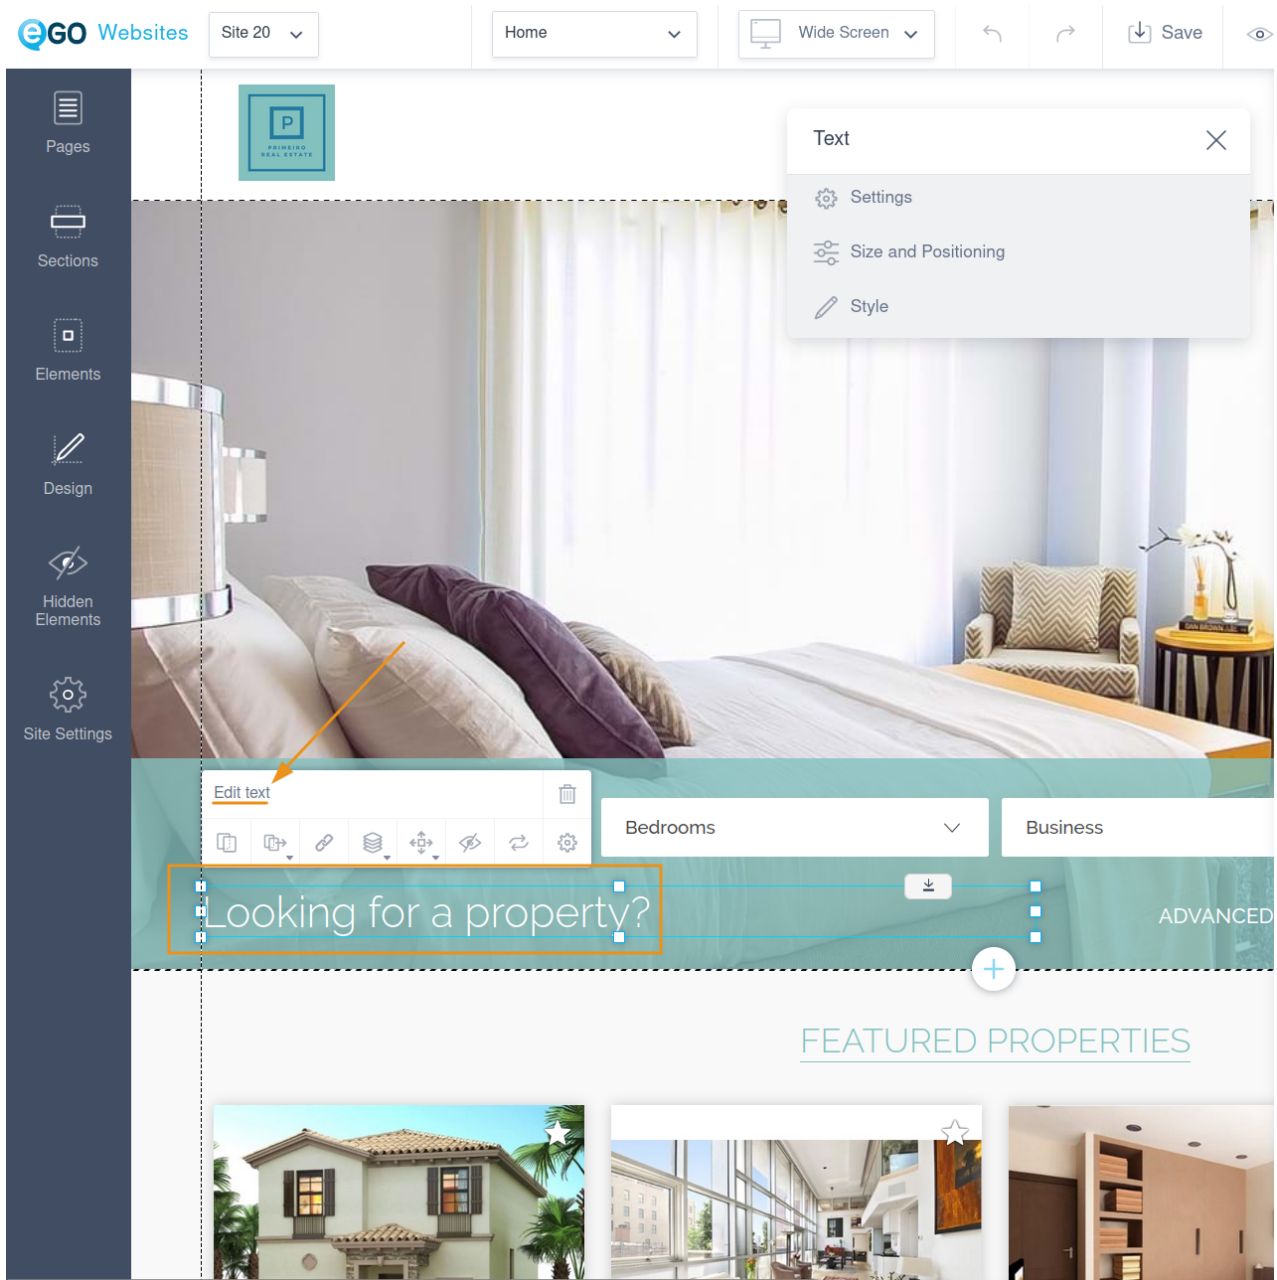

The screenshot shows the eGO user interface. On the left, a dark sidebar contains a list of menu items. The 'Websites' item, which includes a computer icon, is highlighted with a yellow box and an orange arrow pointing to it. Other menu items include Campaigns, Tasks, Work schedule, Process management, Messages, Websites, Publication in Portals, SUPERCASA, CASASAPO, Surveys, File archive, Prospecting for properties, Infocasa, Records book, Newsletters, Commissions management, Payment Management eGO, Invoicing, Last notes, Latest emails, Communication, and Settings. The main content area on the right shows a 'Notebook' view with a list of articles. The top navigation bar includes 'Primeiro Real Estate', 'Support', and the user profile 'Rafaela Rodrigues'. The top right of the main area has tabs for 'Notebook', 'Metrics', 'Income', and 'Management metrics'.

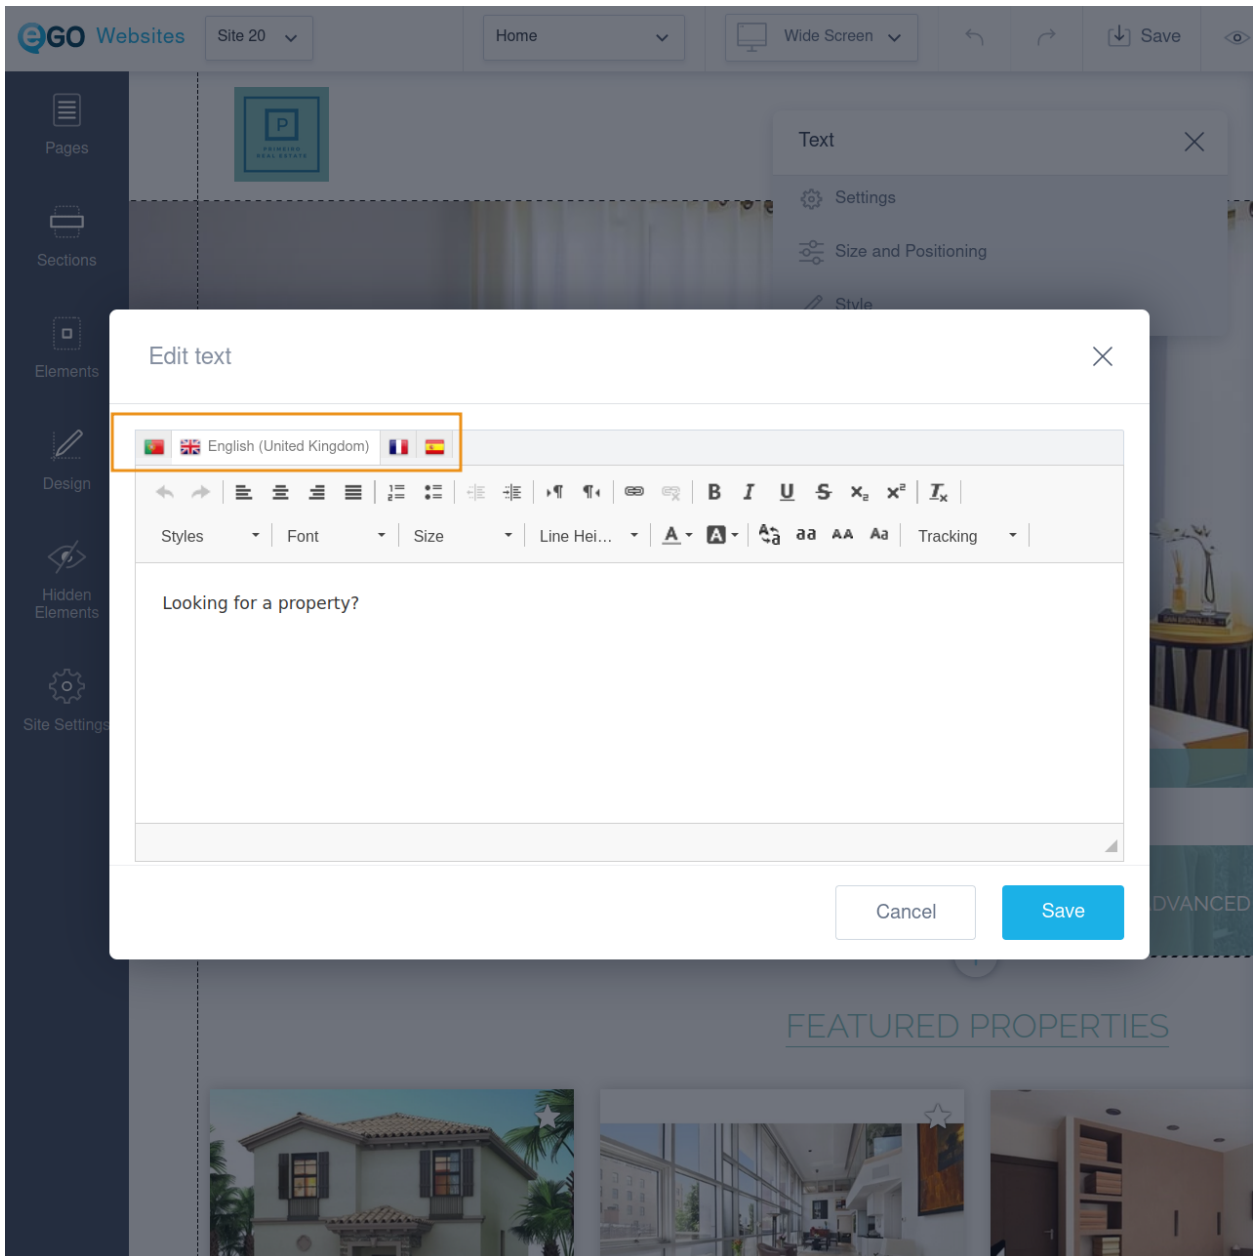

2. Inside the editor, **select the page you want to translate.**

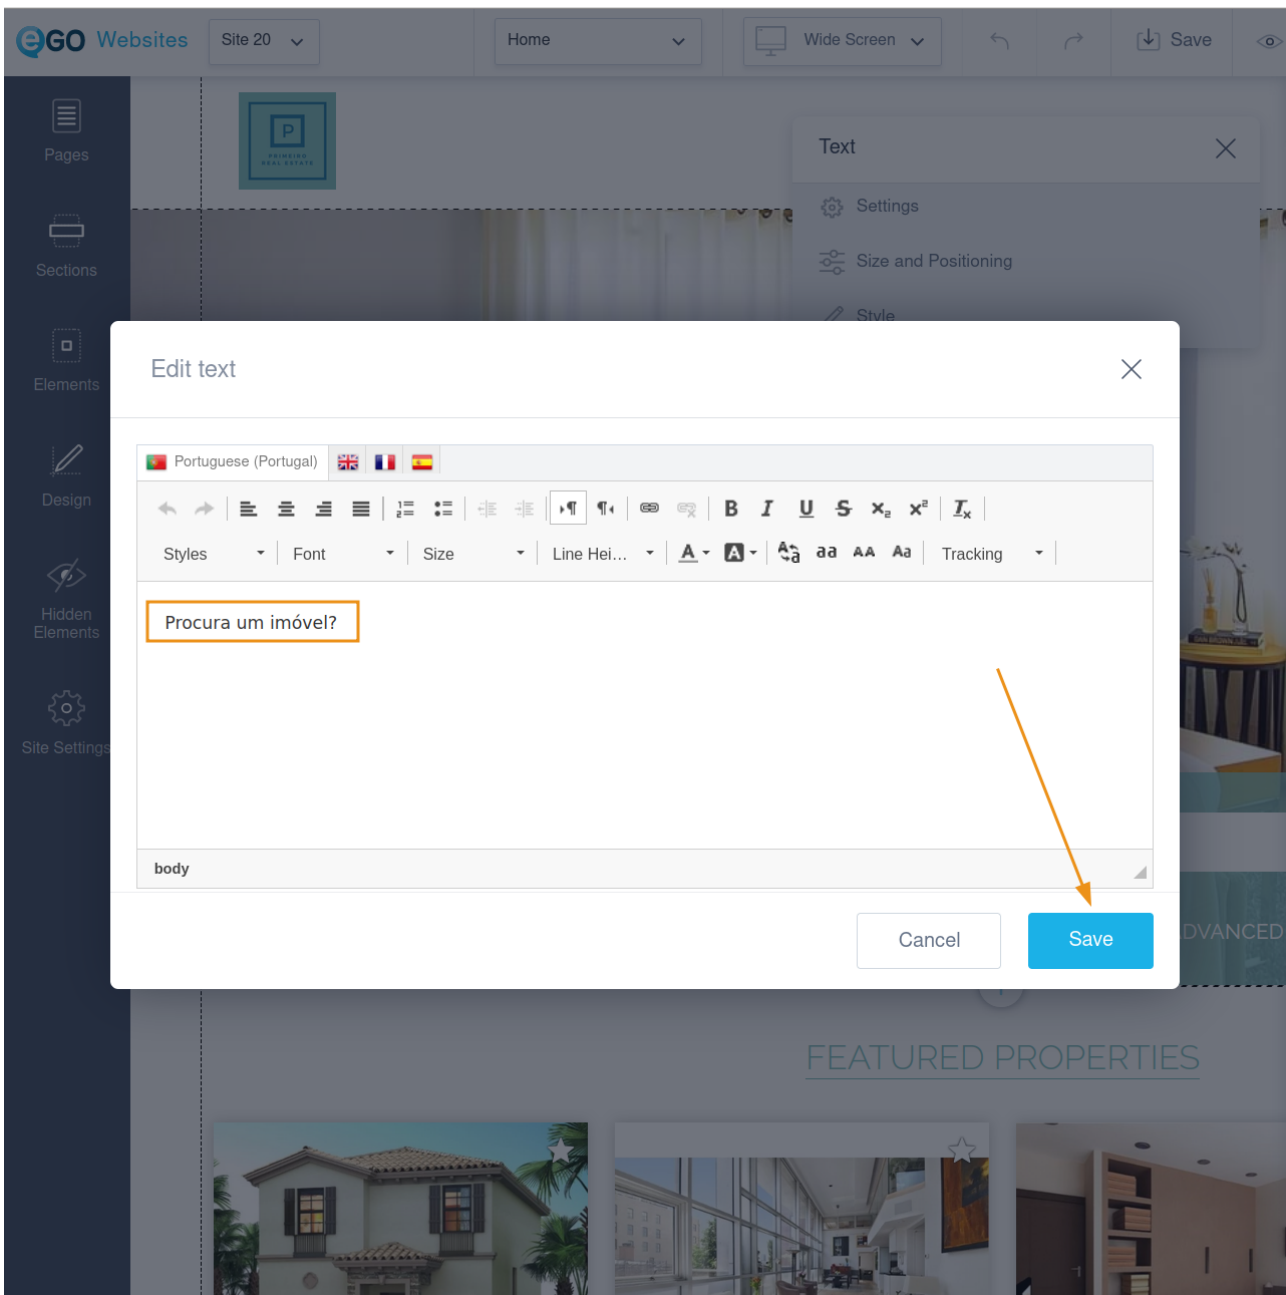

3. Click on the text you wish to change and **select the "Edit text" option.**

4. Select the language you want your text translated into.

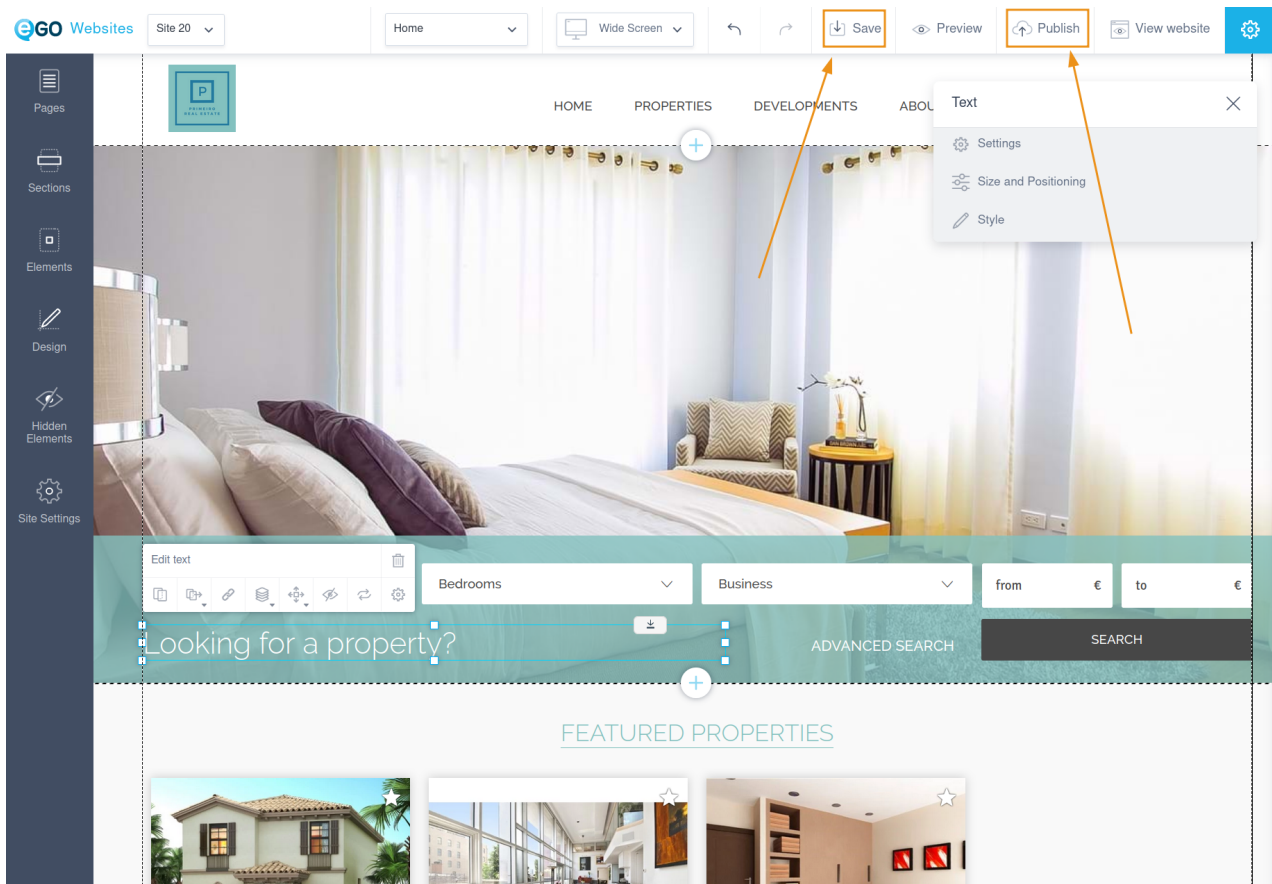

5. Write your translations and click "Save". Repeat the process for all the texts you wish to translate.

**NOTE:** You can do the translations manually or use a translation website like Google Translator or Deepl.

6. Click **"Save"** and then **"Publish"** to make your changes available online.
