3 – In the menu choose the option **'Add to Home screen'**;

4 – Set the shortcut name;

5 – At the end click on 'Add';

6 – You will have your shortcut already created in the main menu of your Smartphone;

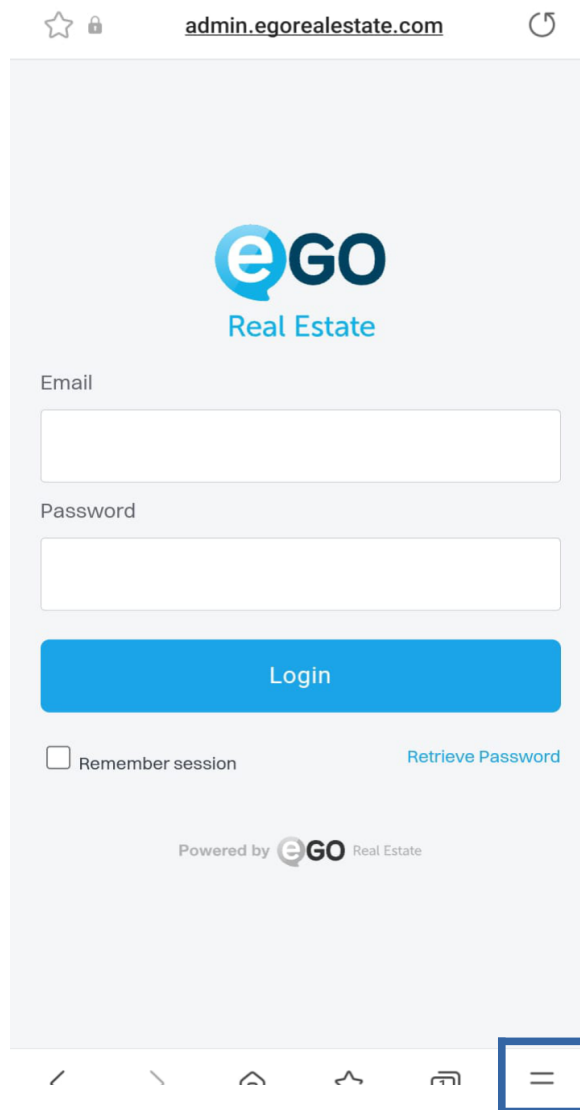

For Android Smartphones

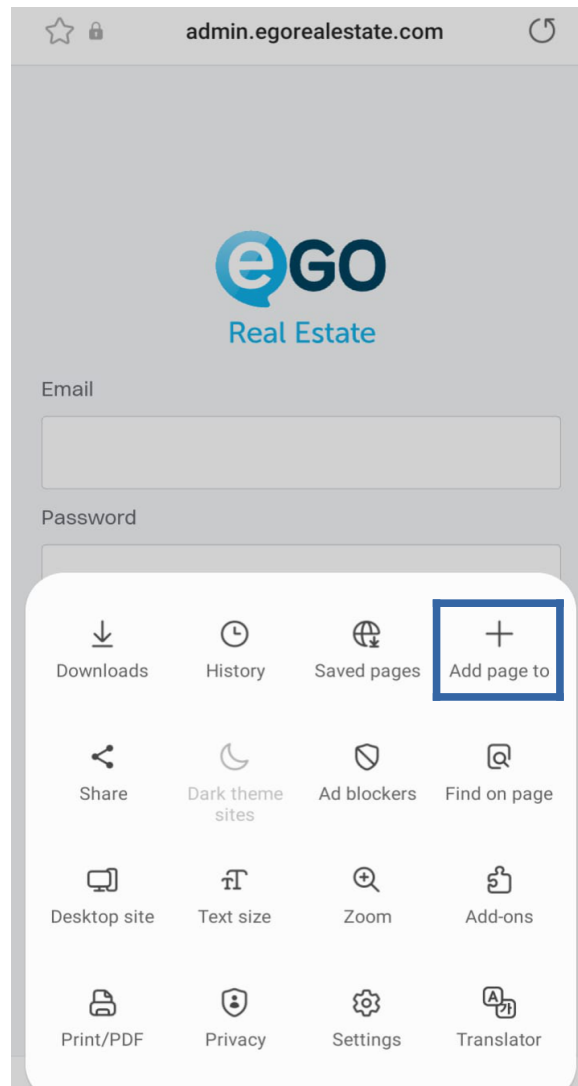

1 - Add the shortcut from Samsung Internet: On your smartphone access the Samsung Internet application, and log into eGO Real Estate -admin.egorealestate.com;

The image shows a mobile browser interface for the eGO Real Estate login page. At the top, the address bar displays 'admin.egorealestate.com' with a blue highlight box. Below the address bar is the eGO Real Estate logo. The login form consists of an 'Email' field, a 'Password' field, and a blue 'Login' button. There is a checkbox for 'Remember session' and a link for 'Retrieve Password'. At the bottom, it says 'Powered by eGO Real Estate'. The Android navigation bar is visible at the very bottom.

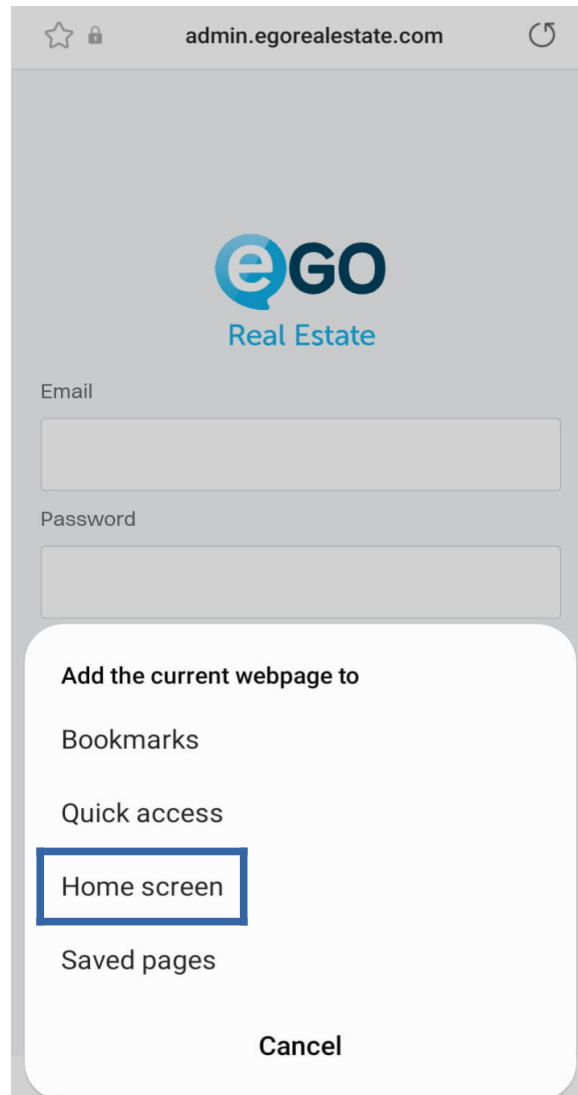

2 – Go to the Browser menu (just click on ☰);

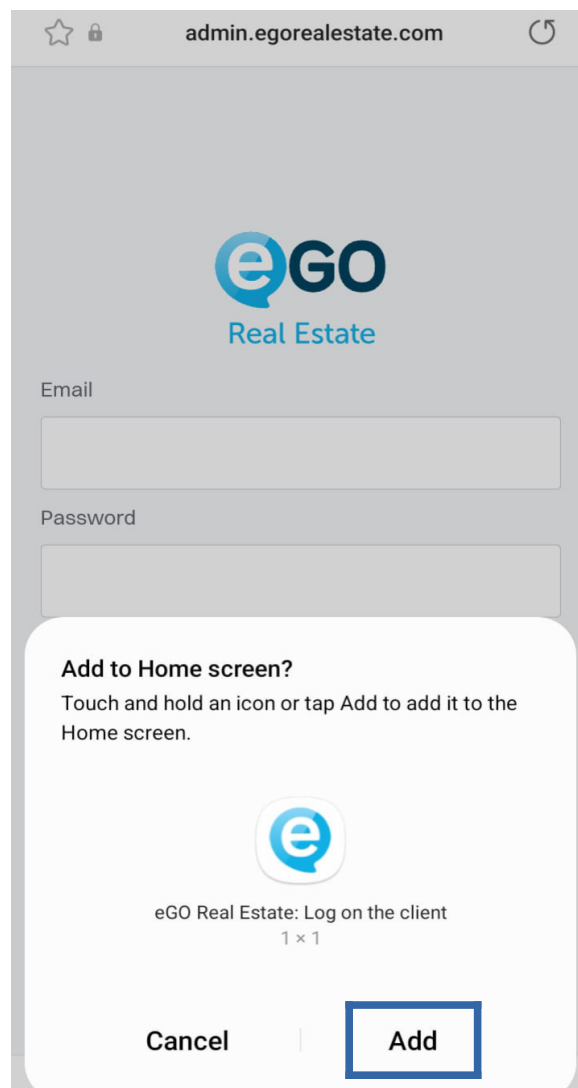

3 – In the menu choose the option **'Add page to'**;

4 – Select the 'Home screen' option;

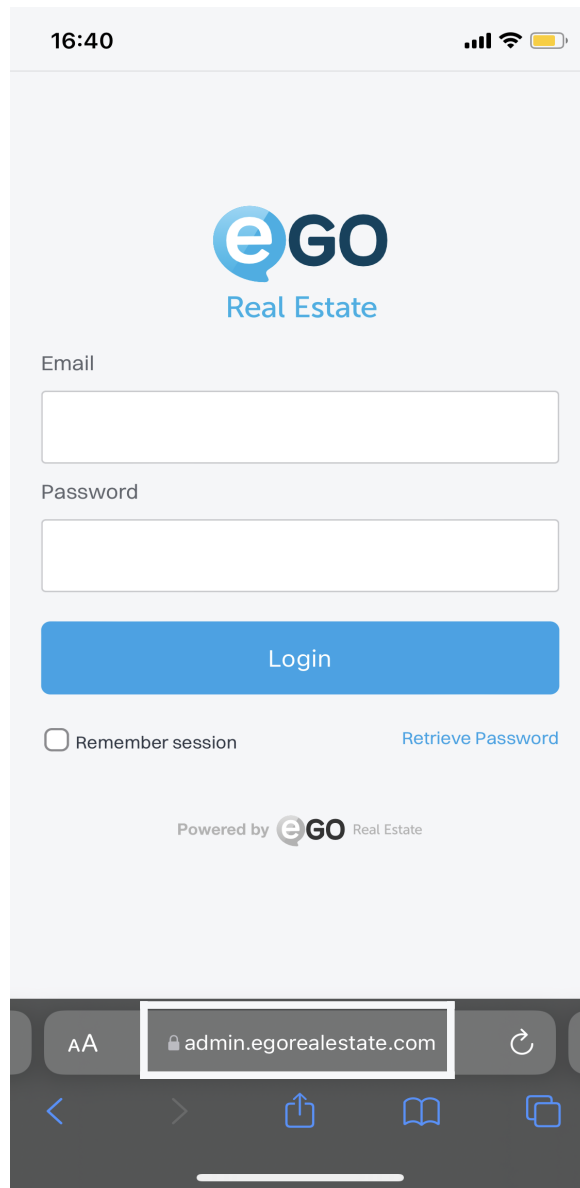

5 – At the end click on the 'add' option, and you will have your icon available on your main screen.

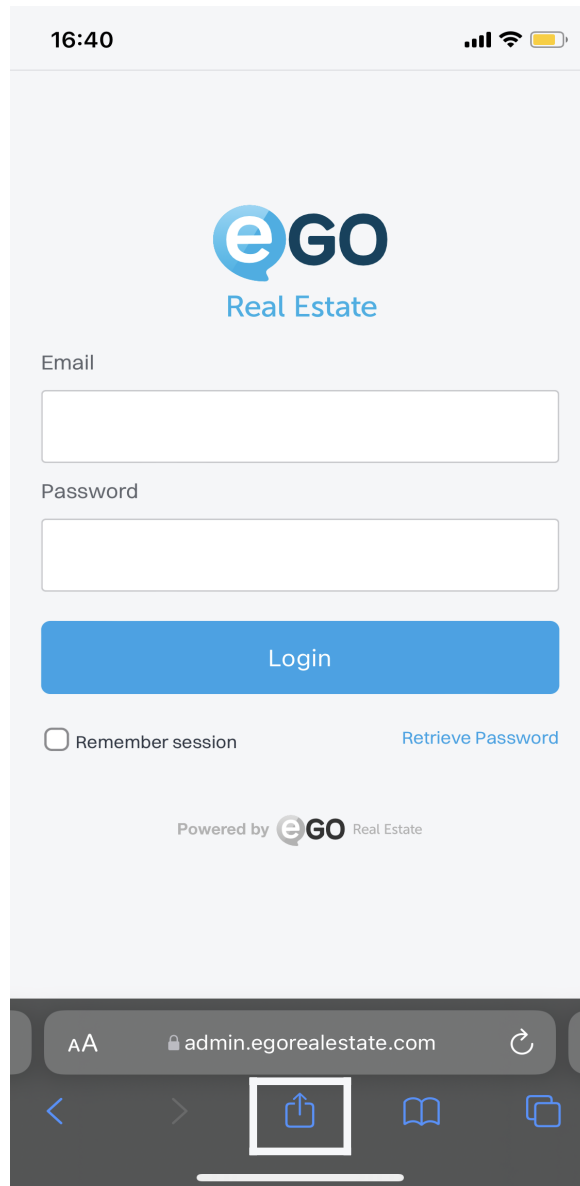

For Smartphones Iphone

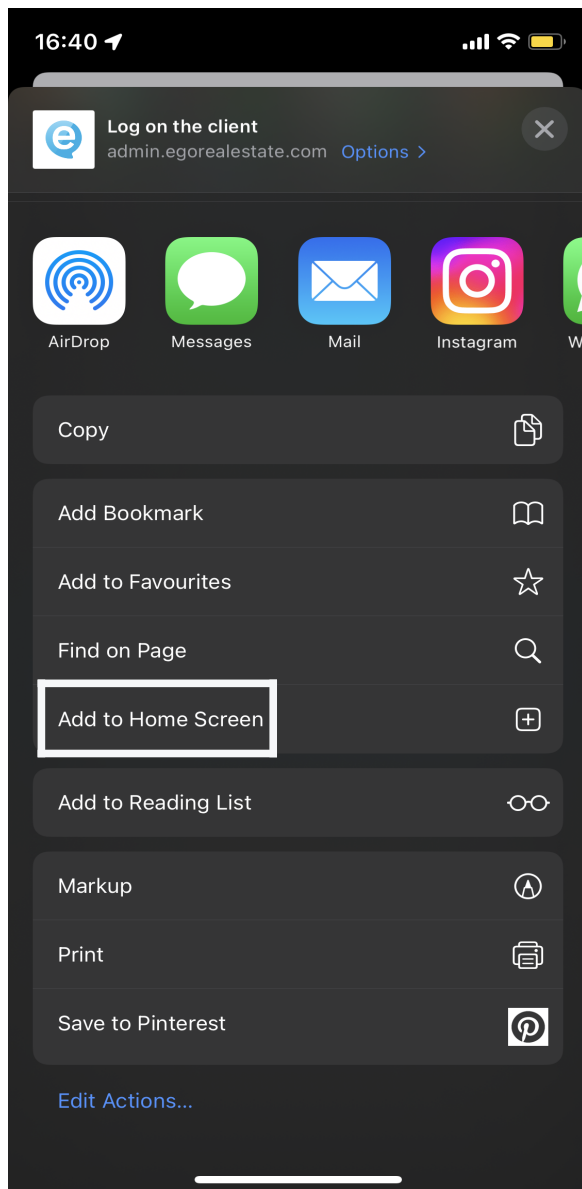

1 - Add the shortcut from Safari: On your smartphone access the Safari app, and log into eGO Real Estate – admin.egorealestate.com;

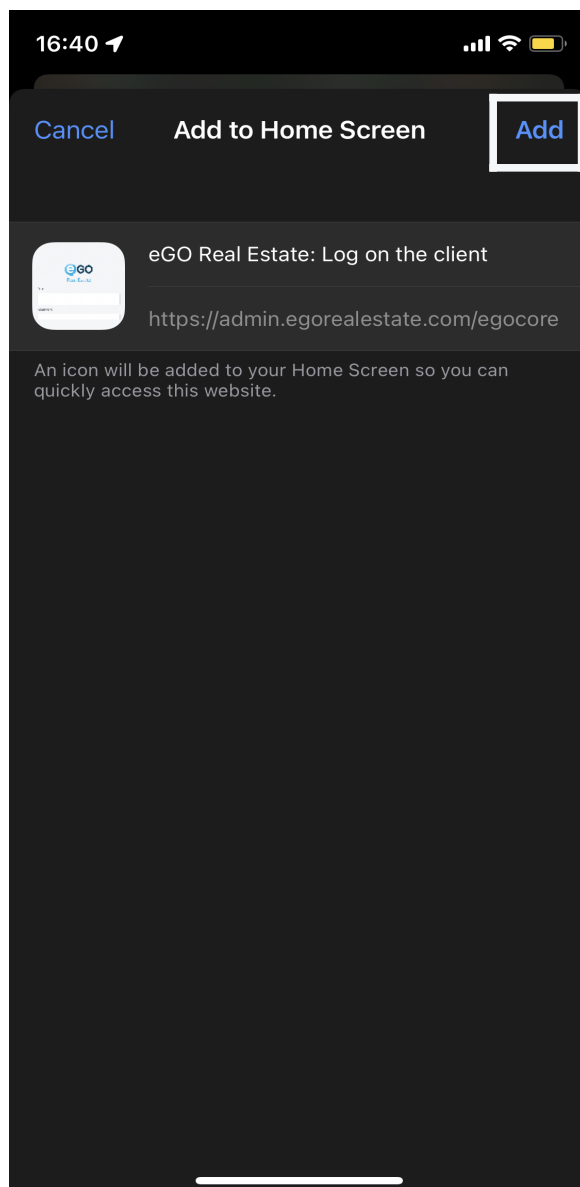

2 – Go to the Browser menu (just  click on)

3 – In the options choose 'Add to Home Screen';

4 – Edit the text to appear in the shortcut and click 'Add' and you will have your icon available on your main screen.
