

How to enable languages to the site?

The eGO has the possibility to add multiple languages to his site when customising it, directly in eGO.

1. Go to the **"Settings"** tab of your eGO.

The screenshot shows the eGO interface for 'Primeiro Real Estate'. The left sidebar contains a menu with various options. The 'Settings' option, represented by a gear icon, is highlighted with a yellow box and an orange arrow. Below 'Settings' are other options like 'Company', 'Users', 'Teams', 'Commissions', 'Awards', and 'eGO Mail'. The main content area displays several sections, including 'Publications', 'Visits', 'Opportunities', and 'Website', each with a 'No records to show' or 'No visit to show' message. The top right corner shows the user profile 'Rafaela Rodrigues'.

2. This will open the **company settings page**. Further down you will have the **"Details"** category, where you can select **"Add Language"**.

3. Go to the “Websites” tab.

The screenshot displays the interface of the 'Primeiro Real Estate' application. The top navigation bar includes a logo, the company name 'Primeiro Real Estate', and user information 'RR Rafaela Rodrigues'. The main navigation sidebar on the left lists various modules, with 'Websites' highlighted by an orange box and an arrow. The main content area features a 'Notebook' tab and a list of news items. The first news item is dated '15 November 2021' and mentions 'novidades do imobiliário'. The second item, dated '23 June 2020', is titled 'Programa para incentivar o investimento' and discusses the 'Programa Relançar' by the APPII. The third item, also dated '23 June 2020', is titled 'Desconhece os imóveis do Estado sob a sua responsabilidade' and mentions the IGF. Below the news items, there are sections for 'Visit forms to evaluate: 0', 'No visit to show', and 'No records to show'. At the bottom, there is a table header for 'References' with columns for 'Property type', 'Business deal', 'Rooms Min', and 'Max Price', followed by the text 'There are no available opportunities to show'.

novidades do imobiliário

Programa para incentivar o investimento

23 June 2020

Inspeção Portuguesa de Promotores e Investidores Imobiliários (APPII) lançou o "Programa Relançar" que tem como objectivo o investimento para o sector imobiliário e colocar Portugal no caminho da retoma económica, gerando confiança dos investidores nacionais e estrangeiros neste sector. Os princípios orientadores deste programa podem ser consultados em

Desconhece os imóveis do Estado sob a sua responsabilidade

23 June 2020

A Inspeção-Geral do Tesouro e Finanças (DGTF) desconhece os imóveis do Estado sob a sua responsabilidade, revela a Inspeção-Geral de Contas (IGF) numa auditoria à Gestão do Património Imobiliário do Estado. IGF alerta ainda para insuficiências na gestão dos imóveis do Estado, tendo 4.596 desocupados no final de 2016 e diz que em cerca de 72% dos mais de 12 mil imóveis registados não constava o valor

4. In the top right-hand corner, **go to the “Languages” menu**. Clicking on this tab opens a window where **you can manage the site's languages, depending on what you have entered in your company settings within eGO**.

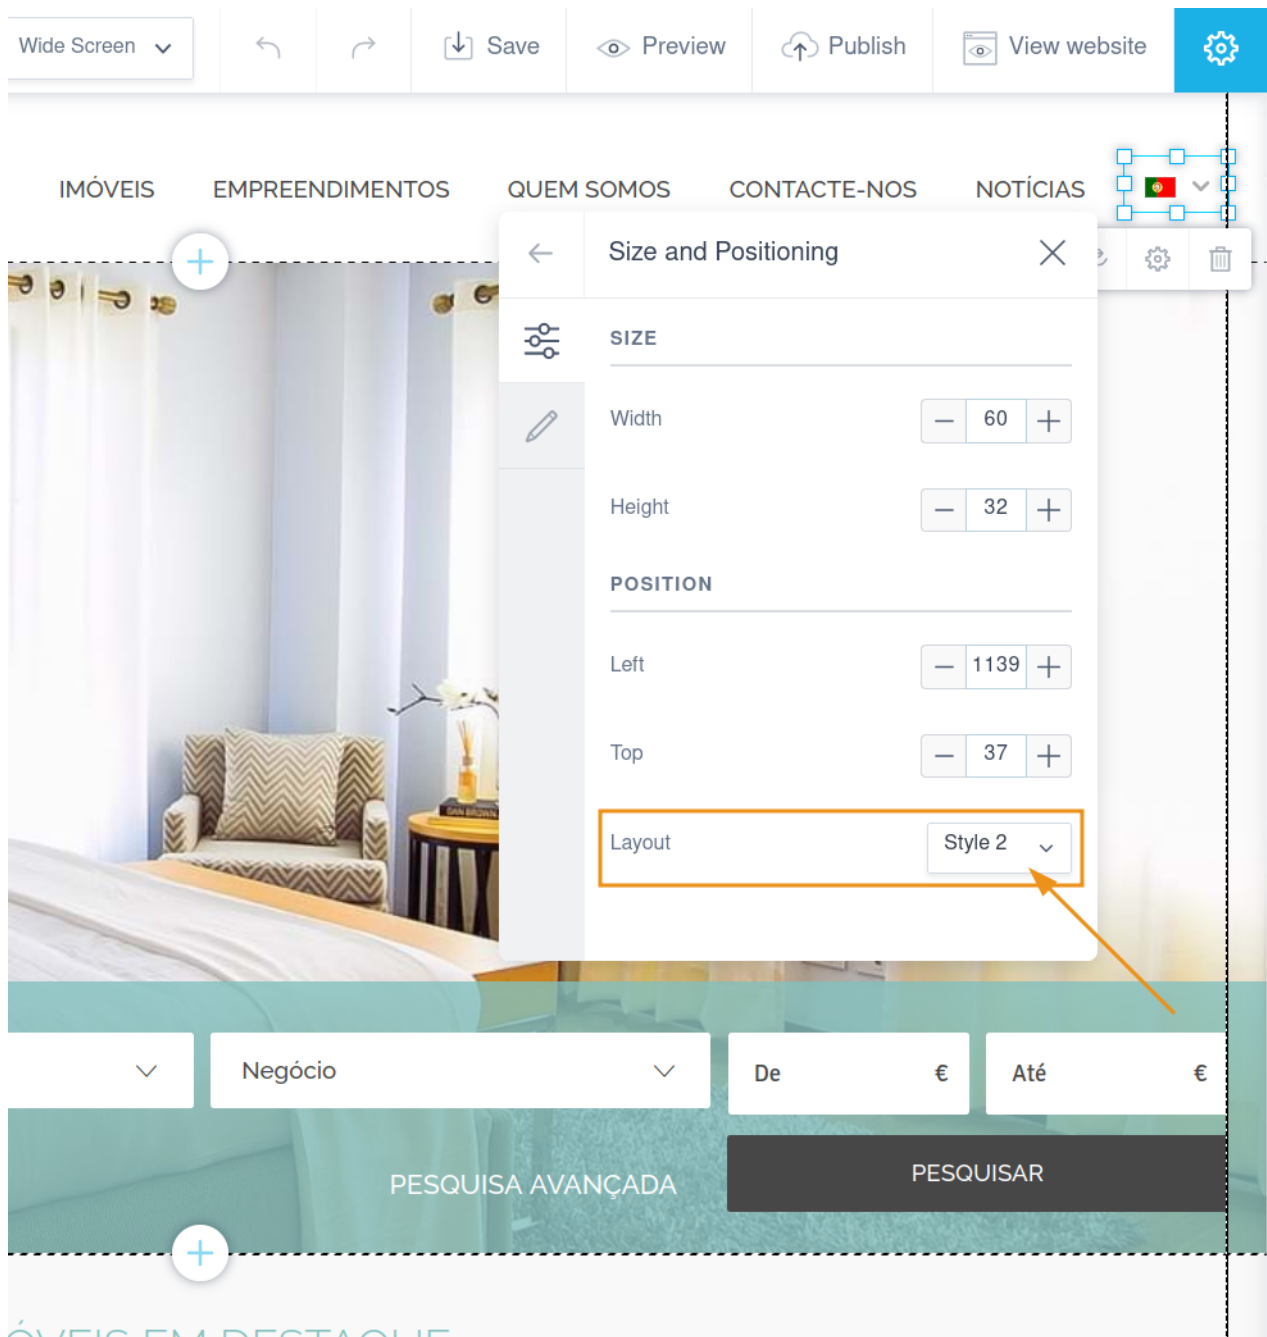

5. By clicking on “Manage languages” you will be able to choose which languages to add.

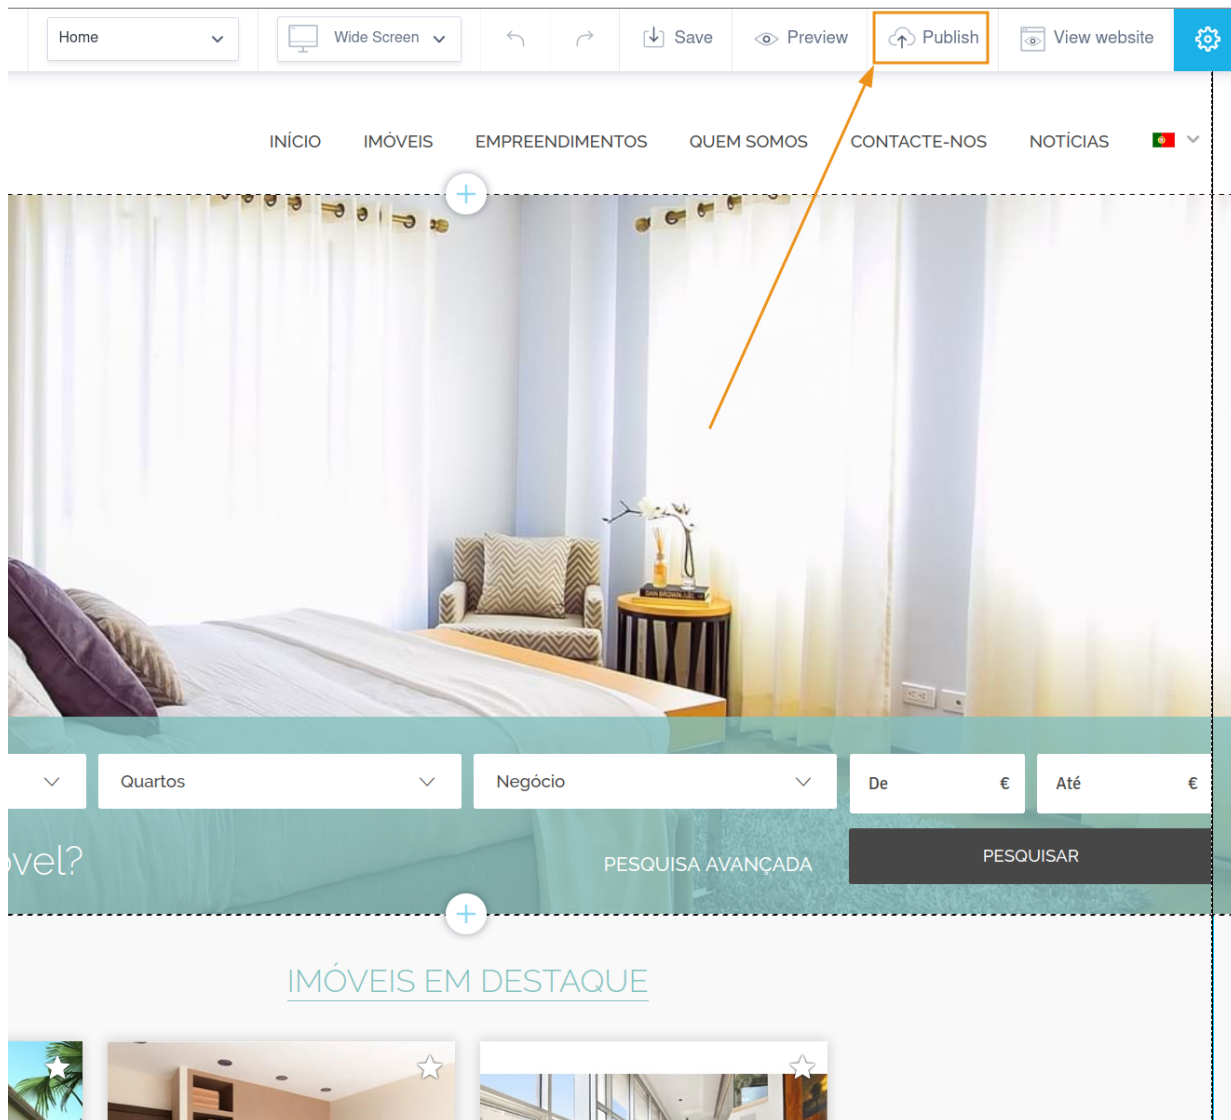

6. Once you have selected all the languages you want to have on your agency website, **you can also customise the way they are displayed when accessing your site by clicking on “Size and Positioning”.**

7. Choose the option “Layout”. You can put the language flag, initials, flag and language, etc.

8. At the end click on “Publish” to make your changes.
